Hi there

It was great to meet on Wednesday and i'm glad you see the appeal of the energy hackathons. Working with Atherstone Partnership sounds like sensible way in as well as considering a solar project for the shopping arcade and other initiatives at industrial units.

I've attached the summary document that i referred to. I've also included a summary of the Local Power Plan and the related Warm Homes Plan. The Local Power Plan summary is a little technical in places but hopefully the key points are clear. By all means get back to me before your Council meeting on the 14th May. Let me know how it goes and we'd then all being well we'd want to proceed quickly.

Kind regards
